REPORT NO. [REDACTED]

CD NO. 25X1A

COUNTRY East Germany DATE DISTR. 6 October 1953
 SUBJECT Planned Academy Institute for Crystal NO. OF PAGES 1

NO. OF ENCLS.
(LISTED BELOW)

25X1A

SUPPLEMENT TO
REPORT NO.

25X1X

1. The Department for Crystal Structure Analysis of the Academy Institute for Medicine and Biology in Berlin-Buch 1/ will soon be separated from the Institute and established as an independent academy institute under the direction of its present chief, Dr. Käthe Dornberger. The development of Dornberger's section into an institute reflects the growing importance which the East German authorities attach to research in the field of crystal structure analysis.
2. The Academy Institute for Crystal Structure Analysis will be set up on the third floor of the Berliner Glühlampenwerk (BGW), which is now occupied by Main Administration RFT. Three more institutes, among them a Physical Institute of Humboldt University, are to move into the third floor of BGW. The project for setting up the future Academy Institute for Crystal Structure analysis and three other scientific institutes on the third floor of BGW is carried in the files of the state Planning Commission as "Projekt Berliner Glühlampenwerk, Dritter Stock".
3. Dornberger, her staff and her equipment are ready to move. The move will be carried out as soon as HV RFT evacuates its offices at BGW.

25X1A b) Comment. This department was a section in the Biophysical Department of the Institute until about a year ago, when the section was transformed into a department under the direction of Dr. Käthe Dornberger.
